

Nipatic Assembly of the Almighty and The Temple 420 of The Heartland Mission.

We were a mission started by Rev. Chapin M. Walton. Ordained in 2003 we're striving to change the views of Cannabis Sativa and other natural healing. Cannabis is known often by Hemp and the dirty slang 'marihuana'. Raised Southern Baptist Rev. Walton was vigilant in investigating and following what the Almighty says about how we should live and the truth about things around us. Following in the Word of the Almighty it was discovered that G-d made Cannabis, the so called 'Marijuana', and made it good not 'Evil' or "The Devils Weed". Looking into history its been used heavily in many ways especially by the religious, in till Pope Innocent VIII banned use of herbs, deeming it witchcraft. (Conveniently this was also the time, we started to use Hemp paper and widely distribute the bible, which was also banned.)

The Nipatic Assembly of the Almighty has many goals at hand, relating to peace, community education, natural healing and more. We are striving to educate the Juedo-Christian communities with the truth of Cannabis and how the Almighty Living G-d created it to heal mankind. Several communities related to Cannabis and Christians exist and are trying to promote acceptance and unity in these communities. To all of those who know that cannabis provides, and uniting them together. Bro. Walton has found a connection within the faiths, from those to find compassion from love and compassion users have found from cannabis products, to the brotherly understanding of the Rastafarian. Together we can all be at peace and learn the truth, that the Almighty provides salvation to the body and the soul.

Cannabis heals and needs to be used as primary resource, with its use communities can be self-sufficient and withstand famine. Do the research, find out that G-d make all herbs good, and for the use of mankind. G-d has given us great wisdom to translate cannabis into many, many, useful resources. From medicine to food and clothing, G-d provides. Cannabis grows in nearly every condition and could be used to show G-d's hurting people is love. Through compassion like Christs we'll show the truth of G-d and the salvation he provides, to the bodies and souls of all his children, from Gentile, Christian, Jew, Rastafarian & Muslim.

1- Then G-d said, "Let the land produce vegetation: seed-bearing plants and trees on the land that bear fruit with seed in it, according to their various kinds." And it was so. 12 The land produced vegetation: plants bearing seed according to their kinds and trees bearing fruit with seed in it according to their kinds. And G-d saw that it was good. Genesis 1:11-12

2 - Whoever does not love does not know G-d, because G-d is love. 1 John 4:8 (NIV)

3. "G-d" is to represent the creator in respect to Jews, that otherwise would complete and be disrespectful/
