

# Temple 420

*Your salvation is here*

## **YOUR SALVATION IS HERE...**

Welcome to the Temple/Church/Assembly (gathering of like minded) dedicated to cannabis and truth. "Temple 420" - Named for our outreach and ministry to the "420 Nation" (America and its Cannabis Consumers). We believe in the Almighty Living G-d of the Torah. Fighting against Babylon to make peace amongst our brethren. We unite with all those who know him. Putting down the differences, to put together the truth. The Almighty Living G-d of the Torah shows us the Truth and provides for his people from Jew, Christian, Rastafarian, Muslim and Gentile, each and everyone may accept salvation.

Our #1 Mission is Compassion, be kind and compassionate to our brethren. Even when they disagree with our views. G-d is Love. (1 John 4:8). We are provided for and taken care of as his children, if we read Genesis 1:12 he states it is good Isaiah 5:20 were reminded not to call what he made good 'evil' and that's what many "religious" are doing. G-d also gives us abundant wisdom, science is now here that shows that Cannabis promotes healing. We get Omega 3's and all out EFA's from its consumption, science shows the active chemicals of CBD and THC to be healing as well. THC appears to stop cell mutation (Cancer), and other spreading illnesses even on a topical treatment. Research in history shows cannabis to be used in the bible. Is it just coincidence Jesus (Yeshua) healed in combination of anointing? With all his wisdom and use of it in his time it likely. Cannabis helps soothe pain, and is according to many translations and Hebrew University the 'Fragrant Cane/cassa/calumus' in Exodus 30:24, and through out the bible. Cannabis ends up making a lot of things for the good of mankind, and that sooth him from the sins he has committed - from shelter, to super-food, it can replace our deathly petroleum need with life. Its not the only provision and gift of salvation he's given us, but its important with the war on 'Drugs' innocent families are being destroyed when they could help grow the nation. We were made one nation under G-d. We need to regain that and use what he's given to us wisdom, and in the green flesh. Natural Healing mixes perfectly with our bodies in an amazing design. The wisdom in his Word, that created it is equal if not better.

We support people who have found Cannabis helpful in Medicinal, Religious and Industrial use. For calling it evil would be blasphemous. We accept it as sacrament as we so wine (which also has healthy properties). We have the right under the Constitutions and law to use the gift G-d gave us... we shaw all be free to burn G-d's herbs as he finds them appeasing as incense and created them for mankind's use. (Psalm 104:14) To spread forth this wisdom and work this our for the other religious (many religious believe cannabis is a blessing from the creator!) to show how cannabis is not evil and we should be compassionate and use it to show how G-d provides. Only then when G-d's love is seen can we expect eyes to open.

We are Juedo-Christian, and believe The Almighty Living G-d can save your soul, and body. Cannabis and his other gifts for the body and Christ for the mind and soul, all you need to do is accept. If there please seek the Holy Bible, or one of our ministers or website - [Temple420.org](http://Temple420.org)
